.experience

Glazer and Kalayjian, Inc. 2004 to now

.associate art director

Working for this company I was able to not only put just my print skills to use but also my motion and multimedia skills. I help lead every aspect of the project from concept to the end product. Major projects included work for Canon, The History Channel, Shell, Brinkmann and Eppendorf.

Dr. Geeks Inc. 2004

.creative director

After three months of being hired I was put in charge of the company's newly developing design department. I was responsible for consulting with clients and lead a five man team to author their ad campaigns, print media, web sites, and corporate identities from concept to finished product. I also developed my skills in streamlining web site usability, search engine optimization and e-commerce as well as maintained over 200 web sites. Major projects included work for Arizona State University and Treeland Nurseries.

Descher Inc. 2001 to 2002

.art director

Authored the company's corporate identity, advertising, and designed the menus, coupons, and brochures for this large west coast coffee company.

6810 Studios 2000 to now

.proprietor

I organized my own company and used my design skills to create everything from corporate identities to web sites. Major projects included work for Forever Living Products, Shea Homes, Gold Canyon Candles, Curtis Design Group LLC., and FUSE.

Kinko's 2000-2001

.graphic designer

After three months of employment I was promoted to head the Computer Services Department and was responsible for all the design and computer maintenance for the store. There I developed my pre-press and post press skills.
